Gerald Boucher
West Yarmouth, Massachusetts
1963 Falcon Futura Sedan

FEBRUARY 2004

Photo Contest Example Issue

With Spring just around the corner, the February issue features flowering trees and Falcons to lift ones' spirits. This promising photo by Gerald Boucher of his 1963 Futura sedan anticipates the Falcon season ahead.

The panel of judges is chosen and the entry deadline is drawing near for the Second Falcon National Photo Contest. Gerald, of West Yarmouth, Massachusetts, sent a treasure trove of photos of his 1963 Futura sedan which illustrate all the things we are looking for in our contest entries. We decided to devote this issue to his photos; they are excellent examples of what we would like for our photo contest entries; diverse, well composed and colorful. He makes use of overcast lighting and natural backdrops. Since they were sent in before the contest was announced and we could never pick just one, we are featuring as many as possible throughout this issue.

Before the winners of the contest are chosen, this February issue can serve as a guide for those of you who have been procrastinating with your entries.

The judges were especially complementary of several aspects of Gerald's work:

- He went to the trouble of choosing several different photogenic locations to best show off his Falcon.
- He included both horizontal and vertical shots.
- He sent along lots of detail photos; interior, trunk, engine, etc.
- He included a few paragraphs about the history of the Falcon and the work he has done to it.
- He included several historical items such as the Bill of Sale, old photos and original operator's license.

Thanks to Gerald for jump-starting the competition!

President's Message

Sweethearts month—Have you ever been accused of caring more for your Falcon than for others in your life, like your real sweetheart? Well, let's hope not, because behind every Falcon is a supportive sweetheart. So remember your real sweetheart especially on Valentine's Day.

In many parts of our Falcon World, including Kansas City, the home of this years National, it is still too cold to get those Falcons out and about. But is it a great time to give your Falcon "To Do" list a review and plan what needs to be done to prepare for the warmer weather. Or get some of items on your "Honey Do" list completed so you will have more time to the Falcon when the weather changes.

Honey Do's for this month:

- Remember your Sweetheart on Valentine's Day
- Send your registration for the National Meet in Kansas City
- Make your hotel reservations for the Nationals
- Complete at least one item on your "Honey Do" list.

Happy Valentines Day!

Steve & Carol

NOTE: Some of us, even in Kansas City, are still driving our Falcons everyday, regardless of the weather. One of those daily drivers is yours truly. —Ed.

Falcon Photo Contest

FALCON PHOTO CONTEST CALL FOR ENTRIES

Conventional prints and digital photos will be considered. Digital photos **MUST** be sent on zip disk or CD, email attachments will not be considered due to the long download time. All digital photos must be high res JPEGs, 300 dpi at 4x5 inches or larger. Please send along a color copy of the digital file. Please put your name and address on the back of all prints (address labels work best) as the entries will be mixed up during judging. Please indicate the year and model of your Falcon, your full name and location.

Be sure to write at least a few paragraphs about yourself and the car, we want to know about your car **AND** you! Longer stories with several photos and photos including people are encouraged. Send all photos to the Editor at the address on page 2. Mark envelope "FCA Photo Contest." Include a self addressed stamped envelope with sufficient postage if you want your photos returned.

PHOTO TIPS

Photos should be well exposed without areas of heavy shadow or distracting backgrounds. Overcast days are perfect for even lighting. When composing your photos, remember that the cover is vertical, while cars are basically horizontal. Be sure to include the entire car in the photo, with some "breathing room" on all sides.

DEADLINE EXTENDED

All entries must be received by March 1, 2004. The First Place Winner will appear on the front cover of the June/July issue in 2004. Photos not used on the covers will be used elsewhere in the magazine throughout the year.

Winning Shots

GERALD BOUCHER

Something about this "behind the wheel" shot really evokes what it's like to drive a vintage car. The diffused view through the windshield contrasts nicely with the crispness of the steering wheel and dash.

Sometimes, distracting elements like telephone poles can be difficult to avoid. Try shooting from a couple of different angles to solve this problem.

GERALD BOUCHER

Gerald Boucher of West Yarmouth, Massachusetts has owned this 1963 Falcon since January 2000. The original owner, Mr. Saettel, bought it new in 1963 and drove it until his death in 1970. Mrs. Saettel didn't care for driving the Falcon very much, so it stayed in the garage quite a bit until she stopped driving in 1990 at age 80, and put the car in storage. When she was 90, she decided to sell it, and Gerald was the only one who answered the ad.

Gerald writes, "The car was inoperable at 55,732 miles, and very dirty the first time I saw it. I had looked at a few other Falcons and been disappointed with the usual things; rust, dents, and pitted chrome. I was very surprised at the good condition of this car. The chrome door handle had no pits, once I wiped the grime off with my finger. Even though it wasn't running, I knew this was a good deal."

The Falcon was transported to Massachusetts where a six week tune-up was begun. "I had very little mechanical ability, but I was determined to get it running. What a beautiful sound it was when it finally turned over. Even my wife, who does not share my passion for antique cars, was impressed!"

Features the car came with include original 170 cu. in. 6 cylinder engine, 2 speed Fordomatic transmission, AM transistor radio, padded dash and sun visors, and 2 speed electric wipers with pump pedal windshield washer. It sports the original Ming Green paint with spot weld burrs on metal seams, Futura full wheel covers, color keyed carpet and original floor mat, white headliner, original muffler, back-up lights, spare tire, and original upholstery under aftermarket seat covers. All windows have the VIN # etched in the glass.

Gerald has lots of "good stuff" including the original owners manual with signatures of buyer and salesman, sales brochure with buyer's handwritten notes, bill of sale, dealer window sticker, heater control instruction card, Mrs. Saettel's driver education payment receipts and schedule, license with glasses restriction, and application for transfer of title to Mrs. Saettel along with a couple of black and white old photos of the Falcon.

The work that has been done so far: tune-up, new stainless steel exhaust system (kept original muffler), new wheel cylinders, fuel sending unit, neutral safety switch, new radial tires, heater core and hoses, brake pads, new rear suspension—leaf springs, shocks, shackles and transmission gasket. Future plans include rebuilding the front suspension.

Gerald writes "The Falcon is a joy to drive and to show. Everyone oohs and aahs at the pristine interior and then starts to reminisce about when one of their relatives had a car just like this."

SPECIAL THANKS and sincere appreciation for Gerald's well presented, thoroughly enjoyable Falcon photos.
